

PunYaSEEBatch2019 FACILITATION

Official Document

Start Date: 20283-1-24 (2026-May-7)

Address: Punya Secondary School, Chaubise-6

Rajarani Dhankuta Nepal

The PunyaSEEBatch2019 Facilitation Initiatives are conducted according to these documents, and all batch mates are requested to follow the rules and regulations during the facilitation process.

PunYaSEEbatch2019 FACILITATION

1. Preamble

The PCH Fund is established to provide financial assistance to batch members in times of need, support personal and educational growth, strengthen batch identity, and foster togetherness. All members are expected to utilize the fund responsibly and adhere to the following guidelines.

2. Emergency Support (Top Priority)

Any batch member may borrow from the fund in case of urgent or emergency situations. Mutual support during critical moments shall remain the highest priority of the fund.

3. Education & Personal Growth

Funds may be provided for educational purposes including higher studies, skill development, training programs, or any initiative that aids a batchmate's personal growth and future improvement.

4. Batch Identity & Branding

A small portion of the fund may be allocated for batch-related activities such as creating logos, badges, or other initiatives that represent and strengthen batch identity.

5. Support in Family Hardships

The fund may be utilized to assist any batchmate facing serious family difficulties, particularly in cases of medical emergencies or other critical situations.

6. Celebration & Togetherness

A limited amount may be used for planning surprises or celebrating special moments in a batchmate's life, thereby helping members stay connected and share happiness together.

7. Repayment Policy

All borrowed amounts (excluding non-repayable grants approved by batch consensus for branding or celebrations) shall be repaid according to the following interest structure:

Loan Duration Interest Rate Repayment Amount (Let's assume Rs100 borrowed)

Below 1 month = No Interest

More than 1 month = 1%

More than 3 months = 2%

6 months (Half Annual) 3%

1 year or more = Double the amount

Note: Our main motive is not to earn interest; our purpose is to support those in need. However, when one person borrows money for a long period of time, others may be deprived of the same facility. Therefore, we apply a small interest charge only to encourage timely repayment and ensure the emergency fund remains available for everyone when needed.

8. General Provisions

- Approval Mechanism: All loan requests (except immediate emergencies) require approval from at least two elected batch representatives.
- Transparency: A simple monthly log of all inflows and outflows shall be shared with the batch.

9. Conclusion

The PunYaSEEBatch2019 Facilitation is more than just a fund — it is a symbol of unity, trust, friendship, and lifelong support among batchmates. Through mutual care and responsibility, we aim to stand beside one another in every challenge, celebration, and journey ahead. Together, we believe in growing, helping, and creating a stronger future for every member of our batch family.

PunYaSEEBatch2019 - Together for Support, Growth, and Well-Being.
